Now in its 13th year, the Bridgette Mayer Gallery has represented and exhibited artists whose work displays the variety and genius of contemporary art now being created in the US. The gallery's ongoing exhibition program will continue to support established gallery artists even as it looks beyond the US to discovering and cultivating new talent from around the globe. The gallery exhibits painting, sculpture and photography with an emphasis on innovative process and content-driven ideas that speak to beauty, technology, culture and the contemporary landscape. Housed in an historic 1799 Philadelphia brownstone, the gallery presents ten exhibitions a year in its 3,000 square foot space and participates in numerous art fairs in the United States.
