Bridgette Mayer Gallery announces its participation in the 4th season of Art Southampton at the world-renowned pastoral grounds of Nova's Ark Project in Bridgehampton, NY.

PHILADELPHIA, PA - Bridgette Mayer Gallery will participate in the 2015 Art Southampton Fair, which opens with a VIP private preview benefiting the Parrish Art Museum on Thursday July 9th and runs through July 13th, 2015. Located in the Hamptons, the five-day fair will feature a carefully selected group of 80 international art galleries exhibiting paintings, sculpture, works on paper, photography, video and installation by modern and contemporary artists.

The Gallery will feature works from a number of artists in their primary program including Federico Herrero, Rebecca Rutstein, Charles Burwell, Sharon Harpe, Neil Anderson, Eileen Neff, Stuart Netsky, and Ryan McGinness. In addition, works by prominent artists such as Donald Judd, Graeme Todd, Douglas Gordon, Jin Meyerson, Wentworth, and Red Grooms will also be exhibited. We are excited to announce that in addition to the works on display in our booth, we have been invited to present several outdoor sculptures on the fair's grounds. We will exhibit two large-scale aluminum sculptures by Dina Wind and a site-specific banded pole installation by Paul Oberst.

Now in its 14th year, the Bridgette Mayer Gallery has represented and exhibited artists whose work displays the variety and genius of contemporary art now being created in the US. The gallery's ongoing exhibition program will continue to support established gallery artists even as it looks beyond the US to discovering and cultivating new talent from around the globe. The gallery exhibits painting, sculpture and photography with an emphasis on innovative process and content-driven ideas that speak to beauty, technology, culture and the contemporary landscape. Housed in an historic 1799 Philadelphia brownstone, the gallery presents ten exhibitions a year in its 3,000 square foot space and participates in numerous art fairs in the United States.
